During the thunderstorm in August, 1882, the County of Middlesex, Ont., alone suffered  
to the extent of from \$50,000 to \$85,000 in the destruction of dwellings, barns and  
buildings. Not one of the structures consumed was furnished with rods from the  
Lightning Rod Company of London, although there are thousands and thousands of feet of  
our Rods erected upon the farm houses and barns in Middlesex Co., and over 100,000  
erected within the city limits alone during the past two years, the statements of a few  
acres to the contrary notwithstanding. The Globe Company, in order to show their faith  
in the goods manufactured and sold by them, are prepared to place the sum of \$500.00 in  
the hands of His Worship the Mayor (or any other responsible citizen in London) as a  
similar amount of deposited by any person or persons who can prove, that a building pro-  
tect with suitable rods from the Globe Company has been struck during either of the past  
thunderstorms which have visited Western Ontario. The money to be divided between  
different charitable institutions in London. Orders by mail promptly attended to.
